P4

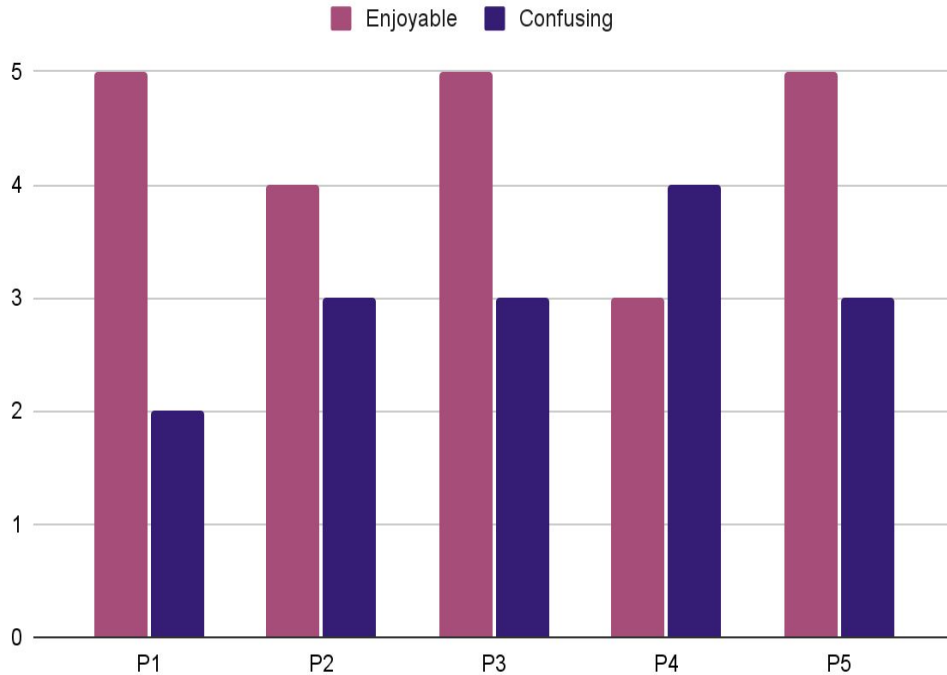

- 23
- Bachelors
- Student

P5

- 28
- Bachelors
- HR Administrator

# OVERVIEW OF RESULTS

Most of the participants enjoyed the applications but had some confusion with the controllers and navigation while teleporting.

# REVIEWS

000

## Positive

- Good visuals
- Teleporting is exciting
- Exploring to different platforms was interesting.
- Enough learning information.

000

## Negative

- Fonts size used isn't visible clearly & not positioned appropriately
- Not so immersive
- Difficulty in understanding the controls
- Hints for navigation and task were only at the beginning.

# IMPROVEMENTS

○ ○ ○

- Interaction with the objects.
- Information should be arranged in a playful manner.
- Environment should be more realistic.
- More objects to interact and sounds to be added.
- Navigation and task hints.
